Thanks. We can just include a general reference to the separate but ongoing efforts. The good thing is that Tony has been facilitating our internal coordination, so he's very much up-to-date. He and I had a one-on-one discussion this week.

Mat –

Sorry to have been a little slow on this. I think it makes sense to include something in the PPA/PPG meeting, but with the other things in play (like the letter), I think it makes sense to be less specific, at least in the written list. But Tony could use your details as talking points.

I had a check-in with DEQ this morning. Justin spoke positively up the interactions regarding the GWMA overall. I think he was hoping to be able to affect the letter with the additional info he committed to trying to provide this week, but I am not sure the timing will work out that way. I think the letter not being too strong in stating conclusions is good; Justin is concerned about what the tone may be.

Dan – Are you good with my sharing the italicized with Ashley Z for the PPA/PPG? Or do you want to hold off due to sequence of events (i.e. briefing to Lauris tomorrow, etc., feedback on the letter from David F at HQ). Jeff K thinks it's a good idea to include something in the PPA/PPG meeting.

Dan and Angela – I reached out to Jeff Kenknight to make him aware of this opportunity and the question from Ashley. He feels it's golden opportunity coordinate the efforts under the petition with the PPA/PPG feedback. I crafted this language to send to Ashley, but wanted to share with you first. Obviously, this will result in discussion.

*Lower Umatilla Groundwater Management Area (LUBGWMA): Under the PPG/PPG, EPA asks that ODEQ refocus attention to improve (1) the understanding of the total number of private (i.e. non-community) drinking water wells used by single or multi-family dwellings in the LUB GWMA, (2) the information regarding nitrate contamination of those wells, and (3) improve the communication and sharing of information to homeowners and tenants living in the LUB GWMA.*

Thanks Cami and Mat. I appreciate your updates and clarifications.

Cami – to answer your question, you are not required to attend. Only DDs and Angela have been invited and so far none of the DDs are planning to attend. Tony, myself, Chris and Michelle are currently the only attendees for the briefing on May 12.

However, if anyone you or anyone else wants to attend from management, let me know and I'll confirm with Tony before forwarding the invite.

Thanks again,  
Ashley

Ashley,

We're in the process of sending a letter, but I think we should include an item no.3 for the LUB GWMA. Let me talk with the LUB GWMA team, or at least Jeff Kenknight.

Hi Ashley—thanks for the message and opportunity to provide input.

On another note—am I supposed to attend this briefing? I don't see it on my calendar is why I ask. Thanks again for coordinating.

Hi Angela, Cami and Mat,

I hope you and your families are well.

Wanted to make sure you're aware that DD participation in the RA/DRA Oregon PPA/PPG briefing on May 12 is completely optional. It's ok if Dan or Angela are not there. I don't think any of the other DDs are planning to attend. Tony has a list of staff and managers who worked on the PPA so he can give kudos.

**By noon on Wednesday, May 6, please comment on or confirm this list I drafted for inclusion in the RA/DRA briefing materials:**

**(1-3) WQ accomplishments from 2018-2020 PPA**

2. [Redacted] **Non-responsive per agreement**
3. [Mat, what about your and Jeff's GWMA work in OR?]

I'm looking for anything the WDET might want to bring to Chris and Michelle's attention. Thought it would be easier to respond, if I drafted some ideas.

Thanks!
